APPLICATION FOR ENROLLMENT

Creative Business System

Would you like to start your own business within just a few weeks with unlimited earning potential? Creative Business System is introducing a systematic method for both developing and **selling** business websites on the Internet. Our talented instructors, with decades of experience, teach practical skills for entrepreneurship in the field of web design, web building and web hosting.

Each student starts with a unique cirriculum that provides a complete set of tools and resources to facilitate rapid learning. as you aquire the needed skills. Afterwards, we will launch you into a full blown business model with a minimal investment of time and money. You'll be amazed at how easy and affordable it is, and how quickly your earnings roll in. Our training includes written materials, videos, monthly webinars and personalized one-on-one assistance. Please note that even though you must be comfortable using the computer, no special technical skills are required.

Please submit this application or call (618) 246-8822.

How Did You Find Out About This Opportunity? _____ ☐ Newspaper ☐ Search ☐ Internet ☐ Friend ☐ Other
Is your interest limited to learning web development skills or would you like to earn an income?

WHAT MAKES OUR CURRICULUM TRULY UNIQUE?

1. You will benefit from decades of experience from world class web developers. Each instructor focuses on being patient, kind and helpful in their personalized tutoring.

2. We have an accelerated program for creating high impact web sites. The goal is to teach in weeks what it would take years to learn from conventional education sources. We'll launch your business into orbit in no time!

3. In addition to teaching technical skills, we provide numerous marketing, business and advertising strategies as a vehicle to promote your livelihood.

4. For those on a shoe string budget, (those in need of discounted pioneer rates) we offer an affordable budget platform that you can operate on after your initial training classes.

5. We offer a wide variety of free tools that can be used in place of expensive software with annual subscriptions.

6. We offer private dedicated server hosting with significant discounts.

7. We create a relaxed, wholesome working environment that's a pleasure to be in. No coding or specialized computer skills required. We try hard to make it fun!
